CREMLINplus Kick-off Workshop

19-20 February 2020
DESY,
Notkestrasse 85, 22607 Hamburg
FLASH Seminar room; DESY building 28c

About:
The four-year CREMLINplus project starts on 1st February 2020. This workshop is the starting event of the project. CREMLINplus is a Horizon 2020 project about EU-Russian collaboration in the area of large-scale research infrastructures. The Kick-off Workshop brings together the project community, with representatives from all 35 project participating research infrastructures, institutes and universities from Europe and Russia.

<u>Aim</u>: The event aims at presenting and explaining the overall work plan and structure of CREMLINplus, at clarifying the roles of the partners, and what is expected from the partners. The governance structure of the project and the internal and external communication structure will be explained.

This event is organized within CREMLINplus, WP1 "Management and dissemination", DESY as Lead beneficiary.
